In honor of Michael Croushorn, there is a scholarship opportunity to continue his legacy. Mike was a diligent and ethical man. This was apparent through his management style. Those that worked with or for Mike knew that there was always a plan for something, whether that was a new roof for a building or parts for repairing an HVAC system. There was always a plan that needed to be executed. When making any decisions Mike always stood for what was right for all parties involved. Ethics came first and foremost; both in business and life. He learned these characteristics and others through his many years in the property management industry and through IREM® training and certifications.

Mike held several different positions in IREM® Nebraska; he helped start our annual fundraiser which is now known as the IREM® Annual Golf Outing to support Special Olympics Nebraska. This event initially started as a bowling fundraiser to support Special Olympics of Nebraska. He also served as president of our chapter in 1992. His legacy of diligence and ethical management lives on through the Mike and Tricia Croushorn Scholarship. Any recipient should adhere themselves to the same standards that Mike did and should also want to perpetuate our industry by giving back as he did so generously.

The Croushorn family has offered this scholarship to our local chapter for years to come to honor his memory and legacy and help educate IREM® members. Our local chapter appreciates them for their generosity and the impact it will make on our community.

Sincerely,

IREM® Nebraska Chapter 12
